<u>Training Day 13 Daily Dairy</u>
<u>june-26</u>

- Topics Covered:
    - Worked with Django's built-in authentication and authorization system.
    - Implemented login, logout, and password reset functionality using Django's authentication views.
    - Created a user registration system and linked profiles to users.
    - Implemented permissions and groups to restrict access to certain views based on user roles.
- Key Learnings:
    - Learned how to implement secure user authentication and manage user sessions.
    - Implemented permission-based access control to ensure only authorized users can access specific parts of the app.
